THE STATE OF NEW HAMPSHIRE
TOWN WARRANT

To the inhabitants of the Town of Troy, N.H. in the County of Cheshire in said State, qualified to vote in the Town affairs.

You are notified to meet at the TEASI building, in the said Town on Tuesday, the 9th day of March next at 10:00 A.M. in the forenoon for balloting upon matters specified in Articles 1 and 2, listed below, and you are hereby further notified to meet at the Troy Elementary School on Wednesday, the 10th of March at 7:30 P.M. to act upon the remainder of the listed warrant.

ARTICLE 1: To bring in your vote for one Selectman for three years, and other Town Officers elected by ballot as passed by Town Meeting or State Statute for the specified number of years.

ARTICLE 2: Are you in favor of the adoption of the following amendments as proposed by the Planning Board for the Town Zoning Ordinances as follows:

Are you in favor of the adoption of Amendment No. 1 as proposed by the planning board for the town zoning ordinance as follows:

To reduce the boundaries of the Village District, as shown on the Town of Troy Proposed Zoning Map, so that the District more accurately represents the original village around the Common. Permitted uses reflect those that currently exist in the village area, plus family day care; industry, recreation and new multi-family dwellings are removed; and conversion apartments, accessory apartments, family group day care, child group care centers, and fraternal organizations are added as special exception uses. The lot and yard requirements are not changed, except that buffering shall be provided within the setback area for new non-residential development locating next to existing residences.

Are you in favor of the adoption of Amendment No. 2 as proposed by the planning board for the town zoning ordinance as follows:

To create a Residential District between the Village District and the Rural District, as shown on the Town of Troy Proposed Zoning Map, to serve as a buffer as there are agricultural and other uses permitted in the Rural District that would be incompatible with the Village area. Permitted uses are residential uses, places of worship, family day care, and sales of home-grown produce. Family group day care, group child care centers, conversion apartments, accessory apartments, home occupations, and bed and breakfast establishments are permitted by Special Exception. The lot and yard requirements are the same as in the Village District (1 acre, 100 feet of frontage, 35-foot setback, 20-foot side and rear setback).

Are you in favor of the adoption of Amendment No. 3 as proposed by the planning board for the town zoning ordinance as follows:

To create a Mountain district, as shown on the Town of Troy Proposed Zoning Map, to protect Gap Mountain and the periphery of Mount Monadnock from commercial development. The section along Route 124 would connect the Mountain Districts already created by Marlborough and Jaffrey. Permitted uses are residential, family day care, farm and garden and roadside stands. Family group day care, group child care centers, home occupations, conversion apartments, accessory apartments, and bed and breakfast establishments are permitted by Special Exception. The lot and yard requirements are the same as in the Rural District (2 acres, 200 feet of frontage, 35-foot front setback, 20-foot side and rear setback).

Are you in favor of the adoption of Amendment No. 4 as proposed by the planning board for the town zoning ordinance as follows:

To amend the boundaries of the Rural District as shown on the Town of Troy Proposed Zoning Map. Existing permitted uses are not changed; family day care and excavation operations have been added. Commercial uses by special exception are removed. Home occupations, family group day care, group child care centers, conversion apartments, and accessory apartments are added as special exception uses. The lot and yard requirements are not changed. The development of backlots are added, subject to the following conditions:

- 1) The backlot can only be created from a lot that is presently existing, and can only be used for a single family residence.
- 2) The backlot must be at least five (5) acres in size and have a width at the building line of at least 200 feet.
- 3) The backlot shall have an access of 50 feet from a Class V or better road. If the front lot has less than 250 feet of frontage, an easement for the access shall be granted by the owner of the front lot and, where feasible, only one curbcut shall be used for both lots. If the front lot has 250 feet or more of frontage, the 50-foot access shall be deeded to the backlot and recorded in both deeds.

Are you in favor of the adoption of Amendment No. 5 as proposed by the planning board for the town zoning ordinance as follows:

To create a Highway Business District as shown on the Town of Troy Proposed Zoning Map in order to bring into conformity those businesses that currently exist along Route 12, and to provide an area in town for new commerce to locate and develop. Permitted uses encompass general service and retail establishments, in addition to those uses permitted in the Village District. Lot and yard requirements are:

With town water and sewer - 1 acre, 100 feet of frontage

Without town water and sewer - 2 acres, 200 feet of frontage

All lots - 35-foot front setback, 20-foot side and rear setback, except where the District abuts an residential district or exist-

ing residential use, then the side and rear setbacks are 35 feet, and buffering shall be provided within the setback areas.

Are you in favor of the adoption of Amendment No. 6 as proposed by the planning board for the town zoning ordinance as follows:

To create a Light Industrial District as shown on the Town of Troy Proposed Zoning Map to facilitate the kinds of development that would expand the town's tax base without unduly burdening the road system. The district includes the two areas of town previously voted as industrial land. Permitted uses encompass self-storage facilities, assembly of products, mechanical and construction services, publishing, research and development and shops for custom work. The lot and yard requirements are the same as the existing Industrial District (2 acres, 200 feet of frontage, 50-foot front setback, 30-foot side and rear setback, except where the District abuts the Village, Residential or Rural District, then the side and rear setbacks are 35 feet, and buffering shall be provided within the setback areas).

Are you in favor of the adoption of Amendment No. 7 as proposed by the planning board for the town zoning ordinance as follows:

To amend the boundaries of the Industrial District as shown on the Town of Troy Proposed Zoning Map to encompass only the land owned and occupied by Troy Mills. Existing permitted uses are not changed; warehouse facilities are added. Lot and yard requirements are not changed, except that in the event of new development, the side and rear setbacks shall be extended to 35 feet where the District abuts either the Village, Residential or Rural Districts, and buffering shall be provided within the setback area.

Are you in favor of the adoption of Amendment No. 8 as proposed by the planning board for the town zoning ordinance as follows:

To amend Articles I and II to spell out the purposes of the ordinance and to clarify the designation of district boundaries.

Are you in favor of the adoption of Amendment No. 9 as proposed by the planning board for the town zoning ordinance as follows:

To amend Article III - General Provisions, by adding these provisions:
Paragraph C: No more than two (2) unregistered vehicles are permitted per lot.

Paragraph F: Manufactured housing (mobile homes) may be temporarily allowed on an occupied lot, by permit of the Selectmen, to allow for repair or rebuilding of a dwelling in the event of a fire or other catastrophe.

Paragraph G: Recreational vehicles may be parked on an occupied residential lot, by permit of the Selectmen, for a maximum of 90 days in a calendar year.

Are you in favor of the adoption of Amendment No. 10 as proposed by the planning board for the town zoning ordinance as follows:

To amend the Sign regulations to clarify exactly which signs need a

permit: Professional or Name Sign; Identification Signs for Estates, Schools, Farms, etc.; and Business and Advertising Signs.

Are you in favor of the adoption of Amendment No. 11 as proposed by the planning Board for the town Zoning ordinance as follows:

To add Parking Standards that specify the number of spaces needed for various land use activities:

Residential Uses	2 per dwelling unit
Professional or Office	1 per 750 square feet gross floor area
General Retail/Commercial	1 per 300 square feet gross floor area
Manufacturing	1 per 1,000 square feet gross floor area
Wholesale and Storage	1 per 3,000 square feet gross floor area

Are you in favor of the adoption of Amendment No. 12 as proposed by the planning board for the town zoning ordinance as follows:

To amend the regulations addressing non-conforming uses and structures to specify the conditions under which uses and structures may be expanded or enlarged; and to revise the provisions for existing lots of record to make clear that development of such non-conforming lots is permitted in any district provided the setback requirements can be met and that adequate waste disposal can be accommodated on the lot.

Are you in favor of the adoption of Amendment No. 13 as proposed by the planning board for the town zoning ordinance as follows;

To amend the Board of Adjustment provisions by adding the conditions under which conversion and accessory apartments are permitted by special exception; to allow additions to existing dwellings of unenclosed porches, decks and carports to encroach into setback areas by special exception; and to exempt wheelchair ramps or other improvements necessitated by the Americans with Disabilities Act from setback requirements, provided no reasonable alternative exists.

Are you in favor of the adoption of Amendment No. 14 as proposed by the planning board for the town zoning ordinance as follows:

To add to the Definitions section the following terms:

Accessory Apartment	Fast Food Restaurant
Commercial Amusement Establishment	Fraternal Organization
Conversion Apartment	Gross Floor Area
Family Day Care	Industry
Family Group Day Care	Personal Services
Group Child Care Centers	Recreational Vehicle
Farming	Retail Trade
	Wholesale Trade

Are you in favor of the adoption of Amendment No. 15 as proposed by the planning board for the town zoning ordinance as follows:

To renumber the zoning ordinance as necessary to accommodate the addition of new sections.

ARTICLE 3: To see if the town will vote to raise and appropriate such sums of money as may be necessary to defray the following Town expenditures.

	Budget	Recommended by Committee	Selectmen
a. Town Officers Salaries/Expenses	81,000.00		85,152.00
b. Election & Registration	1,001.00		1,001.00

f. Meadowood Country Area Fire Dept.	1,000.00		1,000.00
g. Senior Citizens	1,500.00		1,500.00
h. Southwest Regional Planning Comm.	2,075.00		2,075.00
i. War Memorial Program-Recreation	15,100.00		18,347.00

ARTICLE 5: To see if the Town will vote to raise and appropriate such sums of money as may be necessary to support Town Departments.

	Budget	Recommended by Committee	Selectmen
a. Animal Control	1,993.00		1,993.00
b. Fire Department	33,745.00		30,751.00
c. Highway Department	97,000.00		104,542.00
d. Landfill Department	42,000.00		48,333.00
e. Police Department	94,954.00		94,954.00
f. Special Police	4,003.00		4,003.00
g. Welfare Administration	548.00		548.00
h. Welfare General Assistance	22,000.00		22,000.00

ARTICLE 6: To see if the Town will vote to raise and appropriate such

sums of money as may be necessary for the care of the cemeteries. Selectmen and Budget Committee recommend \$14,134.00 \$13,134.00 to come from the Cemetery Trust Funds.

ARTICLE 7: To see if the Town will vote to raise the sum of \$200,649.00 for the Water/Sewer Department. Income comes from collections of water and sewer rents. Recommended by Selectmen and Budget Committee.

ARTICLE 8: To see if the Town will vote a sum of money \$82,486.97 for the payment of Sewer Bonds. Income from the State of New Hampshire will be \$29,926.97.

ARTICLE 9: To see if the Town will authorize the Selectmen to expend the Highway Block Grant of \$34,043.00 that the Town will receive from the State of New Hampshire for the calendar year 1993 for maintenance, construction, and reconstruction of Class IV and V highways. Recommended by Budget Committee and the Selectmen.

ARTICLE 10: To see if the Town will vote to raise and appropriate \$20,000.00 for the sealing of Town roads. Recommended by Selectmen.

ARTICLE 11: To see if the Town will vote to raise and appropriate the sum of \$4,000.00 to purchase a chipper for the Highway Dept. The old chipper which needs extensive repair will be put out for bid and sold. Proceeds to go into the Highway Capital Reserve Account. Recommended by Selectmen and the Budget Committee.

ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of \$1,270.00 for the networking needed to connect the Selectmen's office computer with the Tax Collector's computer. Recommended by Selectmen and Budget Committee.

ARTICLE 13: To see if the Town will vote to raise and appropriate sums of money for major repairs to the Town Hall Bldg. (Repairs that are needed: Disability Bathroom downstairs, revisions to the access ramp in the garage for wheelchair access into the Town Hall, door ways (6) to be widen into the main conference room, hallway, and Tax Collector's office. Also repairs to the clock and bell tower roof and supporting beams, which includes engineering fees to put these jobs out for bid). \$10,000.00 to be taken from Building Repairs Capital Reserve Fund, the rest to be raised by taxation.

	Budget Committee	Recommended by Selectmen
a. Clock/Tower Roof, Structural	8,850.00	8,785.00
b. Disability Bathroom and Access Ramp & Engineering Fees	15,000.00	15,000.00

ARTICLE 14: To see if the Town will vote to authorize the Selectmen to enter into a lease agreement for the purpose of leasing a 4 X 4 Vehicle

for the Police Department and to raise and appropriate the sum of \$6,000.00 for that purpose. If article passes the 1989 Caprice will be put out for bid, and proceeds will go into the Capital Reserve Account of the Police Department. Recommended by Selectmen and Budget Committee. (Majority Vote Required).

ARTICLE 15: If the above article for leasing does not pass, we will need to add \$2,000.00 to the Police Dept. Budget for the repairs of the 1989 Caprice and will also have to add \$4,000.00 to the Capital Reserve Account of the Police Dept. for the future replacement of this cruiser. Recommended by Selectmen and Budget Committee.

ARTICLE 16: To see if the Town will vote to raise and appropriate the sum of \$2,500.00 for a computer system for the Police Dept. Recommended by Selectmen and Budget Committee.

ARTICLE 17: To see if the Town will vote to raise and appropriate the sum of \$1,836.00 for fixing the rust on 34M5. Requested by Fire Department.

ARTICLE 18: To see if the Town will vote to raise and appropriate the sum of \$2,500.00 to insulate the present overhead doors or replace door panels and fix the floor under the doors. Requested by the Fire Department.

ARTICLE 19: To see if the Town will vote to raise and appropriate the amount of money listed below to be placed into the Capital Reserve Fund of each department for the purpose of purchasing vehicles or additional equipment when voted by the Town.

	<u>Budget Committee</u>	<u>Recommended by Selectmen</u>
a. Highway Department	5,000.00	5,000.00
b. Fire Department	10,000.00	5,000.00
c. Police Department	4,000.00	---

ARTICLE 20: To see if the Town will vote to modify the Optional Elderly Exemption (RSA 72:43h) adopted at the March 14th, 1990 Town Meeting, based on the following,

For a Person 65-74	\$12,000.00
For a Person 75-79	25,000.00
80 or more years of age	50,000.00

and Assets not in excess of \$40,000.00, excluding the Value of the person's residence and 2 acres.

ARTICLE 21: To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of a Highway Garage to be built on the Dort Street Property and to raise and appropriate the sum of \$10,000.00 to be placed in this fund. Also to

clarify Article 11 of the March 11th, 1992 Town Meeting for the \$4,000.00 that was raised and appropriated which is in the hands of the Trustee of Trust Funds to be placed into this fund. (Majority vote required.)

ARTICLE 22: to see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of Repairs on existing Town Buildings and to raise and appropriate the sum of \$5,000.00 to be placed in this fund. Also to clarify Article 14 of the March 13th, 1991 Town Meeting for the \$5,000.00 that was raised and appropriated for this fund and for Article 11 of the March 11th, 1992 Town Meeting for the \$5,000.00 that was raised and appropriated which is in the hands of the Trustee of Trust Funds to be placed into this fund. (Majority vote required.)

ARTICLE 23: To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of building an addition to the Gay-Kimball Library and to raise and appropriate the sum of \$10,000.00 to be placed in this fund. (Majority Vote Required.)

ARTICLE 24: To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to have a baseline map made for the planning board.

ARTICLE 25: To see if the Town will vote to authorize the Selectmen to withdraw up to \$17,000.00 as needed from the Landfill Capital Fund, established under RSA 31:95-c. The amount will be used for Engineering Fees and Installation of Monitoring Wells at our existing Landfill. Recommended by Selectmen, Landfill Committee and Budget Committee.

ARTICLE 26: To see if the Town will vote to authorize the Selectmen and Landfill Committee to research the feasibility of curbside pick-up, and to draw contracts and advertise for bids for curbside pick-up. Any monies for curbside pick-up would have to be approved at Town Meeting.

ARTICLE 27: To see if the Town will vote to open Old Whitcomb Road a distance of 300 feet beyond the Gates and Bars sign. Upon approval of the Selectmen and completion of the road to State Specifications. (By Petition).

ARTICLE 28: To see if the Town will vote to authorize the Troy Water/Sewer Commissioners to borrow or expend from water rents, an amount up to \$20,000.00 to extend the water line on the Marlboro Road, beginning at the hydrant near the Mountain View Restaurant for a distance of eighteen hundred (1800) feet. Recommended by the Water/Sewer Commissioners.

ARTICLE 29: To see if the Town will vote to change the Zoning on a certain parcel of land located at 465 North Main Street Tax Map 20, Lot 14 and 14A, from a Rural District parcel to Business District parcel. (By Petition).

ARTICLE 30: To see if the Town will vote by ballot to dissolve the Ashuelot Valley Refuse Disposal District organized under RSA Chapter 53-B (the "District"), pursuant to the provisions of Article VI, Section 7 of the district agreement for the District and the provisions of the plan of dissolution approved by the district committee of the District. A copy of which plan of dissolution has been submitted by the District to the Town. (a 2/3rds Majority Vote required to approve article.

ARTICLE 31: To see if the Town will vote to authorize the Selectmen to set up a Historical Society for the Town of Troy. (anyone interested in sitting on this committee should call the Town Hall and a meeting will be set up.)

ARTICLE 32: To see if the Town will vote to authorize the Trustees of the Library to apply for, accept and expend without further action by the Town Meeting, money from the State, Federal or other governmental unit or a private source which becomes available during the fiscal year pursuant to RSA 202-A:4-1, I, II and III.

ARTICLE 33: To see if the Town will vote to authorize the Trustees of the Library to collect and expend without further action by the Town Meeting, any fees for the use of the copier and fines collected for lost and overdue materials.

article 34: To see if the Town will vote to raise and appropriate the sum of \$16,000.00 for the purpose of paving the parking lot surrounding the Town Hall including the parking area in front of the T.E.A.S.I. building and installing proper drainage and curb stop where necessary. This sum also includes funding for proper lighting of the T.E.A.S.I. parking area. (By Petition).

ARTICLE 35: To see if the Town will vote to direct the Selectmen to take all possible steps to protect the Town against any loss of property values, including the taking of any property from taxpayers of the Town Common area, due to widening of Route 12: and to raise and appropriate the additional sum of \$1000.00 for any associated legal expenses. This appropriation shall expire on December 31, 1994 and any unexpended balance shall be returned to the Town general fund. Nothing in this article shall restrict the expenditure of funds budgeted for legal expenses in the Town operating budget, before or after the expiration of this appropriation. (By Petition).

ARTICLE 36: To see if the Town will vote to authorize the Selectmen to enter into agreement with the Southwest Regional Planning Commission and other State agencies, when money becomes available for feasibility studies, grants and agreements in the best interest of the Town. This is to be done by the Selectmen, with the approval of the Town Budget Committee, after consultation with the Conservation Commission, Planning Board and Industrial Development Committee.

ARTICLE 37: To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend money from the State, Federal or other government units or a private source which becomes available during the year in accordance with the procedures set forth in RSA31-95b.

ARTICLE 38: To see if the Town will vote to authorize the Selectmen to transfer tax lien and convey property acquired by the Town by Tax Collector's Deed by public auction (or advertised sealed bid) or in such manner as determined by the Selectmen as justice may require.

ARTICLE 39: To see if the Town will vote to eliminate the Highway Department and sub-contract all highway work to service contractors annually. If this article passes, it will take effect January 1, 1994. To voted by secret ballot at Town Meeting. (By petition)

ARTICLE 40: To see if the Town is in favor of a State study of a By-Pass around Route 12.

ARTICLE 41: To see if the Town will vote to authorize the Selectmen to borrow money to pay charges and the interest thereon.

ARTICLE 42: To hear reports of committees, agents or officers heretofore chosen and take any action relative.

Given under our hands and seal this 13th day of February in the year of our Lord, Nineteen Hundred Ninety-three.

Dennis M. Poirier
Janet L. McCullough
Thomas A. Walsh

Selectmen of Troy

A true copy attest:

February 3, 1993

Board of Selectmen
Town of Troy, New Hampshire

We have audited the financial statements of the Town of Troy, New Hampshire for the year ended December 31, 1992, and have issued our report thereon dated February 3, 1993.

In planning and performing our audit of the financial statements of the Town of Troy, New Hampshire for the year ended December 31, 1992, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

The management of the Town of Troy, New Hampshire is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories.

- Budget
- Cash and investments
- Revenue and receivables
- Expenditures for goods and services
and accounts payable
- Payroll and related liabilities
- Debt and debt service expenditures

For all of the control categories listed above, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk.

A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material to the financial statement may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be reportable conditions and accordingly, would not necessarily disclose all conditions that are considered to be material weaknesses as defined above. However, our study and evaluation disclosed no condition that we believe constitutes a material weakness.

This report is intended for the information of the Board of Selectmen. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

SELECTMEN'S REPORT

The Selectmen's office and the town of Troy were extremely busy during 1992. In March Dennis Poirier was reelected to a three-year term as Selectman.

The good news for 1992 was that taxes went down 2.2% and the town budget came in with a surplus. The new computer allowed each department to monitor their budgets on a daily basis, and it also gave us a full accounting system line by line with the State chart of accounts.

The town of Troy's cash flow remains poor because of over \$700,000 in unpaid taxes, but Troy's credit line with the State Street Bank of Boston remains excellent as we just borrowed \$500,000 at 3.5% interest rate. The town continues to go out to bid on most work; we've monitored welfare very closely, and we've used the states free legal counsel whenever possible.

Current Land Use changed during 1992 which kept the office very busy updating everyone's land classifications.

As of December 1st, Ted Smith was hired as Police Chief to replace acting Chief Richard Clapp. The Selectmen would like to thank Richard for filling in during a long hiring process.

Other new additions to the town in 1992 included a new Highway Truck, Police Cruiser, Salt Shed, and a new roof on the Fire Station.

The Selectmen's office is presently working with the Superintendent's office to varify the number of students we are charged for. We are also anxiously awaiting meeting with State Highway officials to discuss Route 12 traffic options.

The selectmen's office would like to thank Phylis Callahan and the United States Post Office for assisting the town in renumbering all addresses. The town of Troy is now in compliance with the 911 Bill which requires all towns to be numbered.

The Selectmen would like to thank the work the Boy Scouts and Craig Tucker have done on the Preambulation of the town, which is to varify all the original town boundaries.

Lastly the Selectmen would like to thank all Department Heads, town employees, committee chairmen, committee members, and volunteers who kept the town running smoothly, controled budgets, and allowed the town to lower taxes and come in with a surplus.

Selectmen of Troy

1992 GAY-KIMBALL LIBRARIAN'S REPORT

1992 was another year of growth for the Gay-Kimball Library. Circulation of materials increased by 15% and we registered 168 new borrowers. Books, magazines and videos were added to keep the collection up-to-date and of interest to our patrons. Interlibrary loan activity has increased dramatically since we now have "E" mail capabilities to speed up the search and delivery process.

The Library facility was used for meetings of the Recreation Committee, Conservation Commission, Arts Festival Committee, Adult Tutorial and Tax Assistance. An adult book discussion group was formed and the programs for children were well attended. During the course of the year, 28 story hours were held for younger children and several craft sessions and parties were held for older groups. The Discover Read summer reading program drew over 130 young people. A savings bond was again donated by the Monadnock Bank to use as an incentive prize for participation.

A bequest by Azilda Woods Hartley, who died Feb. 10, 1992, enabled the trustees to purchase folding tables for use at the book sales and other events. Donations were also received from Dr. Mark Wirant, F. Fuller Ripley, Peter Collier, Elaine & Walter Schubert and several anonymous friends of the library. In addition, many Troy people gave books to the library to be sold at our 3 annual book sales.

Special thanks go to our 2 regular volunteers, Mary Milliron and Bobby Giles as well as the many others who pitched in to help with the book sales and other events.

We continued to supply the elementary school with crate of books for the classrooms to try to supplement the school library.

We hope every citizen of Troy will use the library in 1993. Registration is simple and free and we try hard to fill all information and material requests.

1993 Gay-Kimball Library Statistics:

Materials circulated	22,209
Materials added	698
Material withdrawn	614
Materials lost	25
New patrons registered	168
Total patrons	959
Total materials	13,595

REPORT OF TROY WATER/SEWER DEPARTMENT

The year of 1992 has kept us busy working on the Request for Waiver for Avoidance of Filtration as required by Federal and State Laws regulating Filtration of Surface Waters for Public Water Systems. The engineering firm of Rist-Frost-Shumway which we hired to apply for the waiver, has completed the request package and submitted it to the state for approval. We are now nearing the final stages and have to be approved or disapproved by June 1, 1993. The State has proposed certain system modifications that we need to address, such as new chlorine equipment, chart recorders, etc. and at the present time we are sending water samples to Concord twice a week.

A change was made this year on the Sewer Collection System on South Main Street. The four (4) small pump stations at that location have been removed and replaced with a gravity system which consisted of installing a sewer pipe encased between two steel I beams across Village Pond and connected to the sewer line on Water Street

The Wastwater Treatment Plant and the Water System have been operating well and repairs and maintenance have been done on a regular basis.

The Wastwater Treatment Plant will be ten (10) years old this year with a life expectancy of twenty (20) years. We should be able to make it last a lot longer with regular repairs and maintenance.

This coming year we would like to extend the water main on the Marlboro Road from the hydrant near the Mountain View Restaurant for 1200 feet with a six (6) inch ductile pipe and then for 800 feet with a two (2) inch line to the gates between the two cemeteries on Marlboro Road.

Respectfully submitted
Troy Water/Sewer Commissioners

Frederick Lawrence, Chairman
Robert Grover, Vice Chairman
Robert Smith
Harlan Mitchell
Peter Marrotte

HIGHWAY DEPARTMENT REPORT

In 1992 we had a few good size storms. Also a lot of Ice storms. Each storm has to be treated to keep our roads safe. The cost of the tons of sand and salt used is constantly on the rise.

Last year we purchased a 1992 Ford Diesel one ton and build a Salt Shed. Both are working out excellent.

Last years Block Grant money went to shimming Richmond Road and widened the bridge at the dam, also on Richmond Road. Also we repaired catch basins on South Street and School Street. We resurfaced some of the sidewalks on South Main and North Main Streets.

This year we plan to use the block grant money to shim a portion of West Hill and use the rest to top some more of Richmond Road.

I would like to thank my assistant, Gary LeBlanc, Jr who did an excellent job to help accomplish the above tases. Also I want to thank Dan Firmin for an excellent job on the bridge on Richmond Road.

Drive Safely

James E. Dicey
Road Agent

1992 TROY CEMETERY REPORT

The Cemetery crew spent another busy summer upgrading and improving the appreance of the cemetery.

We have one more section of road to upgrade and we hope to do that this coming year.

Time was also spent on the new cemetery to upgrade, and we have also installed a fence and gate at the entrance.

REPORT OF TOWN HALL CUSTODIAN

The Town Hall is used daily. Active areas are Town Police Department, Town Clerk, Administrative and Selectmen.

Weelky for Cub Scouts, Fitness Class and other Town office meeting.

The Hall is in need of some serious repair on structure, most of it being in the front of the hall in the area near the loft.

Most serious are the timbers in the clock area which has rotted and creacked. A new roof is needed in the bell tower.

We have purchased a new vacuum cleaner and a new step ladder for cleaning. Also the fuel tank has been resealed.

Town Hall Agent
Gerry Decatur

TROY POLICE DEPARTMENT

The Police Department as the most highly visible organization of the Town of Troy will attempt to reflect that in its image and improved service to the Community. The year of 1992 represented a year in which the department could reevaluate itself and determine its goals for the future.

In order to develop the most effective means of serving the Town of Troy, the Police Department in 1993 will be changing and embracing a Proactive Community Police Concept. The department will take an active part in the community through the development of the Explorers post, a closer working relationship with other departments in the Town, and improved cooperations with other state and local agencies.

1993 will also reflect a year in which training will be one of the main objectives. Officers will be required to meet a higher standard of training than required by the state. A First Response course will be mandatory so that officers can provide immediate medical care, while advising the ambulance unit of the problems to expect.

Administratively, the department will work to provide the most services possible, but to maintain the fiscal responsibilities required. Grants from the State and Federal Government are being considered and applied for to extend additional services.

But the most important action that the department is concerned with is the input that the people of Troy can give on the departments policies and implementing ideas. Therefore, I welcome the opportunity to meet with individuals or groups that offer insight into problems or concerns effecting our community.

While statistics are important when studying problems and developing plans for the future, they do not provide a true gauge on the type of job the police department is doing. I believe that only the Town's satisfaction in the departments improvement and continued efforts is the true gauge.

Theodore P. Smith
Chief of Police

REPORT OF TROY FIRE DEPARTMENT

We would like to thank the citizens of Troy for their help in keeping fires to a minimum.

The Board of Engineers would like to thank the Troy Fire Department for their donation of \$3,000 from the Raffles and Breakfast Fund for the help in repairing of the Scott air pacs. Also, we would like to thank J & J Auto for the free towing service done by them when a truck broke down. Thanks again Jim and Jay.

Respectfully

Chief - Clif Cole

1st. Dep. Chief - Charles Rocheleau

2nd Dept. Chief - Ray Dicey

EMERGENCY MANAGEMENT REPORT

This year we had one hazardous waste spill at Troy Mills, which was handled very well by our response team. Every year we buy some surplus equipment and books for the library for their sales to raise money.

We are required by FEMA to hold a full scale drill every four years. The drill this year was on the spill at Troy Mills.

There are classes in emergency management and training seminars of which we take part in. Between the Fire Dept. and Emergency Management Unit, we have twelve personnel trained in Radiation Testing and Hazardous Waste Material.

This year the town received a check for the Emergency Management office in Concord for \$678.00, their share of the bill for running Emergency Management 50/50 program.

If you would like any information of what our job is, please contact me by phone, 242-6438, or through the Selectmen's office.

Respectfully

Clif Cole, Director

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

1992 was below average for wildfires in our state. Our fire lookout towers reported 289 fires, burning a total of 136 acres. Our major causes of fires were fires kindled without a permit, unknown causes and children.

Please help your town and state forest fire officials with fire prevention. New Hampshire State Law (RSA 224:27) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done."

Violation of this statute is a misdemeanor, punishable by a fine of up to \$1,000 and/or a year in jail and you are liable for all fire suppression costs.

Local fire departments are responsible for suppressing fires. The small average fire size of .47 acre/fire is a tribute to early detection by the public or our fire tower system and the quick response of our trained local fire departments. Please help your Warden and fire department by requesting and obtaining a fire permit before kindling an open fire.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or Division of Forests and Lands at 271-2217.

Robert Stewart
Forest Ranger

Clif Cole
Forest Fire Warden

For fire permits and information, call: Clif, 242-6438; Chet, 242-7918;
Bob, 242-3712; or Bill, 242-3850

CONSERVATION COMMISSION

The Troy Conservation Commission in town is the commission to be concerned with protection of our natural resources. We follow the direction of our New Hampshire State Handbook to benefit the town of Troy.

A very successful Earth Day cleanup was held in 1991 when 25 citizens cleaned a truck full of trash from the center of town; however, last year was a major disappointment when only two boy scouts and commission members appeared. Earth day this year is April 22nd and we will host a cleanup the Saturday after. Notices will be posted around town, gather your family and come to help us. The True Value Hardware Store has been generous in providing bags for the debris and we thank them for this contribution.

This past summer we were happy to send two Monadnock Regional students, Kathy Lang and Nicholas Schwindt, to the Forest Society Conservation camp. Both of these students are Troy residents and will be helping with a beautification project around the Common this spring with help from Conservation Commission member Dan Bisaccio. Troy Mills and the Monadnock Bank gave funding for this educational experience in Conservation for these two Troy students.

Complaints were received about random shooting from cars in the Perkins Pond area. There were reports of porches being grazed by bullets, therefore, we investigated the situation with the Fish and Game Dept. but only received a superficial inspection of the problem. We are keeping this matter on our agenda. Perkins Pond is a beautiful area and we want to protect the wildlife habitat there as well as residents.

The largest matter of concern to the Commission right now is the proposed widening of Route 12 by the N.H. Dept. of Transportation. We have sent a letter to the selectpersons expressing our concern and have attended hearings of Southwest Regional in Keene about the matter. There will be public hearings in Troy with the Dept. of Transportation and we hope Troy townspeople will attend and express their opinions.

We are still struggling with our Wetland Ordinance. Ira Gavrin has prepared this ordinance and now we have to wait for the Troy Planning Board to accomplish their new zoning under the Master Plan. We consider this ordinance of major importance for the town of Troy which has so many wells and little wetlands.

An honor came to a Troy citizen this year when Debbie Sawyer received a conservation award from the Forest Society for her work in Keene schools. Steve Sawyer, Debbie's husband, is a new member of our commission and we know he will bring fresh perspectives to our meetings.

We lost a faithful member this year when Ben Hale resigned. Ben has made many contributions and we thank him for all of his past work. Ben will continue to do water testing for us.

David Rollins is now preparing for some seminars to be held in Town Hall April or March. These have been well attended before and we will post the dates and subjects.

This past year we have presented seven books on conservation to Troy Elementary School. Our members have attended meetings at Harris Center concerning the proposed airport in Winchendon. Four of our members attended the all day State Conservation meeting in Concord this fall.

Old homes in towns are documents to our past and their restoration is worthy of much praise, therefore, we commend Mr. and Mrs. Robert Slocum for their work on the lovely columned home on South Main Street.

The town of Troy is fortunate to have seven good members of the Conservation Commission who are knowledgeable and interested. These members attend meetings faithfully. Sally adams has joined us in the past year from the Mountain area and will bring new insights.

We meet in the Troy Library at seven-thirty on the third Monday of each month. Townspeople are welcome. Our meetings are posted.

Respectfully submitted

Wendell Hawkins, Chairman

Troy Budget Committee

This was a tough year for our budget, because of the tough economic conditions. Our Budget Committee spent many hours of hard work making hard choices about the budget. Our decisions were difficult and seldom were unanimous. We know some of our recommendations may seem harsh, but these are harsh times. Everyone in town should appreciate the effort made by Budget Committee members, regardless of feelings about any particular budget recommendation.

One area that was a particular concern for the Committee this year is the health insurance coverage for town employees. Several committee members felt strongly that the coverage was overly generous, compared to local private industry. The Selectmen see health insurance benefits as just one part of the overall compensation package, but to the Budget Committee it seems to be an extremely expensive part of the package. Thus the Budget Committee recommends that town policy in this area be reviewed for potential cost reductions.

The Budget Committee is also recommending significant cuts in the appropriations requested for several departments. This is not something that we like doing, but in view of the economic times it seemed that cutting costs must be a priority even if it means cutting services to do so. We also are making several recommendations to try to reduce town operating costs. The proposed lease of a police cruiser will not cost any more than the alternative of purchasing replacements when needed, in fact it should cost less. It will also provide better service availability and reduce maintenance costs. The construction of a town highway department garage is being deferred once again, but we are recommending a significant contribution to the capital reserve funds to be used for this purpose in the future.

Finally, members of the Budget Committee have expressed concern over potential future costs of closing the landfill. New EPA regulations go into effect in October, and we could not find out what they might end up costing the town. Thus we had to prepare the landfill budget assuming no change, even though changes seem likely. Closing the landfill is certain to be expensive, but continued operation of the landfill might make final closing costs even more expensive. The Budget Committee feels that these issues cannot be ignored, and recommends that the town should take action to begin studying them immediately. We support the Selectmen's decision to install monitoring wells (using previously appropriated funds) and to request an appropriation to begin engineering studies required for landfill closure planning.

All in all, this year has not been great, but it could have been worse. We look forward hopefully to improved economic conditions in the coming year, and to an easier time budgeting for the town as a result.

WELFARE DEPARTMENT

During 1992, there were 56 active cases and the cost to the Town of Troy totaled \$15,765.00.

Food	150.00
Medical	16.00
Rent	12,699.00
Utilities	2,725.00
Moving	175.00
	<u>\$15,765.00</u>

\$573.00 was returned to the Town by people who had received assistance during the year and were again employed and financially able to. Anyone found eligible for and receiving general assistance may be required to work in the municipal work program where there is available town work.

A year has gone by. I sought and received advice and perspectives from many sources; the Selectmen, state agencies and local welfare administrators. As I saw things at the beginning of my term, the economy was suffering, many strong and taken-for-granted functions were gone, financial ramifications, not merit and need, were often the strongest influences behind decisions and services.

Attending the New Hampshire Municipal Association's Annual Conference, I received the new, updated state welfare guidelines for municipalities and I witnessed a number of different approaches to common problems and tried to bring home fresh ideas and solutions.

What I have grown to appreciate through all this, on a brighter note, is the remarkable community spirit we share. Special thanks for the heartwarming assistance we received for Thanksgiving and Christmas from Junior Girl Scout Troop 288, VFW Little Monandock Post 10289, the Monadnock Bank and the Helping Hand Center. We are very grateful to the Helping Hand Center as a source of food and clothing assistance and we are very grateful to you for giving to the food pantry and to Sister Lucie and her volunteer staff who made the food available.

As we move forward, thank you all for your support and for the unique opportunity to serve which you gave to me.

Cindy Satas
Welfare Administrator

SOUTHWEST SOLID WASTE MANAGEMENT DISTRICT

The Solid Waste District is made up of two separate entities, with separate responsibilities, and have met on the same evening meetings to control cost of meeting space, and to employ the same secretarial staff for cost effectiveness.

(1) The 149-M entity, which is state mandated, in that all municipalities within the state must be members. This is the planning arm of the district with responsibility to study all methods of Waste Disposal, selecting the most appropriate and with the approval of the towns and cities turn their recommendation over to the sister entity ie: 53-B.

(2) The 53-B responsibilities include all aspects of the execution of those approved recommendations.

The confusion now begins because all representatives are average people with varying expertise in solid waste disposal ie: legal, engineering, construction, meeting state and federal standards, environmental restrictions to mention a few.

If you refer to my report of one year ago, I tried to highlight the obstacles and frustrations we encountered. Going to the "Town Dump" today is not a simple process.

The past year has not been easy for the district and we are down to 12 towns with little or no direction from the State of N.H.

The town representatives voted in a December meeting to dissolve the 53-B entity which will be presented to the town meeting for your approval or disapproval.

As a personal note to this report, may I express my feeling, I expect in October 1993 the town will be ordered to close our existing landfill within a given period of time, install monitoring wells to check for pollution of ground water, and properly cap our landfill. Checking leachate from our dump will last a number of years.

Trying to get (1) 22 towns to agree on a solution is impossible, (2) to find a solution for 12 to 15 towns is not simple, but I do still believe that a much scaled down system for 1 to 3 towns is possible. I do feel that burning trash, burying it, or hauling it some where else are possibilities, but not without problems.

To be able to share costs of a site, equipment and to provide and maintain a recycling center within our town is very important and local control a must.

I personally feel that our present recycling effort is among the best, is well managed and one we must continue in the future.

Thank you for allowing me to serve as your representative.

Edward R. Lang, Sr.

LANDFILL COMMITTEE REPORT

The landfill and recycling facility has been operating smoothly this year.

The landfill committee has not been real active in 1992 pending the outcome of the Regional Planning Association.

The committee has been talking with the Marlborough Selectmen about a possible joint venture between the two towns for a waste disposal system. We will be working with Marlborough on this more this year.

The goal of the landfill committee in the next few years will be to try and develop a long term cost effective solution to waste disposal for the town of Troy.

We would like to thank the people of Troy for the effort they have made in recycling.

Chairman Fred Lawrence

LANDFILL REPORT

The year 1992 was a very good year and we are doing very well in having people Recycle and getting rid of same. We are planning on getting the wells put in this year.

We have taken in \$17,770.00 so far from recycling and charges for materials left.

Please remember that the new Landfill Permit are available and can be purchased for \$2.00 in the Town Clerks office during regular office hours.

Keep up the good work.

Raymond Dicey
Landfill Superintendent

INDUSTRIAL DEVELOPMENT COMMITTEE

Dramatic events in our community and the country may be reshaping the thrust of the Industrial Development Committee: namely the proposed rezoning ordinance recommended by the Planning Board and prospective aid to small business start-ups promised by the Clinton administration. The latter certainly must be a wait and see hope, and the former not a reality at this writing. Those more closely associated with town-owned land topography and amenities know the difficulty in attracting light industry land buyers or lessors. Members of the Planning Board are to be commended for their efforts in formulating long range industrial/commercial rezoning outlines. These guidelines will serve to pin point the areas in the community where the various classifications of industry may locate. Some of the stumbling blocks facing start-up industry may well be removed by this action

Whereas state proposed widening of Route 12 through Troy village or alternative village by-pass plans are merely on-paper proposals at this writing, they most certainly do warrant our attention as committee persons and interested citizens. It is the understanding of the Industrial Development Committee that the proposed by-pass would make the Dort Street industrial sites more accessible, and that outlying potential industrial sites would now become accessible.

Informed citizens are well aware that sums have been set aside for IDC use. It was the intent of the committee when those budget requests were granted to establish funds to:

1. Provide for litigation expenses to clarify ownership title to the Newcomb/Mattala site.
2. Purchase the 3 acre Beauregard "wedge" on Dort St. fronting the Brown site.
3. Complete surveys of all town-owned industrially zoned sites.
4. Research the feasibility of improved access to Dort Street.
5. Research the feasibility of improved amenities to town-owned industrially zoned sites.

None of the above have been accomplished for one reason or another. Informed citizens will also realize that this committee has expended a modest amount since its inception. Perhaps that is the key to our current inability to 'land a keeper' - namely the client with funds professionalism, and desire to locate in Troy.

Troy is not alone in having limited funds in a liquid cash reserve to expend, particularly in these times of slow to standstill economy. Parties beyond the power of this committee must see fit to throw "more oil on the troubled water". Meanwhile, as this committee has publicly maintained many times before - we stand very much open to citizen recommendations and committee participation.

Robert Hall, Chairman

TROY PLANNING BOARD

The Troy Planning Board is a seven member organization which reviews subdivision, site plan and lot line adjustment applications. The group also examines how local and regional development issues affect the community, and works in concert with the Selectmen, Zoning Board of Adjustment and the Conservation Commission in addressing such issues.

When the Planning Board learned that the widening of Route 12 north of the town common was a project on the Department of Transportation's 10 year plan, it hastily organized a public hearing in August to inform the community and the press. Despite the short notice given, over 100 people, and several State and local officials were present. In response to an audience request, the Selectmen and Planning Board have formed a "Route 12 Advisory Committee" which will educate and inform town residents, and state and local officials, of the impact of this project (or any alternative proposal) upon Troy. Planning Board member Warian Hawkins is our representative on the Southwest Regional Planning Commission's Transportation Advisory Commission and faithfully attends all their meetings and hearings. This organization receives and reviews public input concerning proposed DOT projects. There will be public hearings scheduled by the DOT concerning this project in the months ahead. The Board and the Advisory Committee will do their best to keep Troy informed. Please do your part: attend these meetings and express your concerns.

The quiet state of the local economy this year allowed Planning Board members to devote many meetings, sometimes 3-4 a month, to updating and revising Troy's Zoning Ordinance. If adopted, it may better prepare the town for future development opportunities and problems. The ordinance introduces several new districts: Mountain, Highway Business, Light Industrial and Residential. There is a new backlot development provision, new guidelines for daycare centers, and expanded provisions for conversion and accessory apartments.

Troy's updated Master Plan was published this year and is available for purchase at the Town Clerk's office. A copy is also at the library for review. It is loaded with interesting historical and statistical information about the town.

Future Planning Board Goals include collaborating with the Conservation Commission on adopting a wetlands ordinance, researching the formation of a historic district, and adopting a capital improvement program for roads and bridges. The group also plans to simplify and streamline the information gathering/application process for subdivisions and site plans.

Much of the work which the Planning Board accomplished this year could not have taken place without the thorough and dedicated efforts of Carol Ogilvie of the Southwest Regional Planning Commission. She has been an indispensable information resource for the group and was consistently able to compile the group's thoughts and ideas into the continually evolving zoning ordinance. Thank you, Carol.

A final note: the Board extends an invitation to the public to attend its meetings. Minutes are posted on the bulletin board outside the Selectman's office, and in a notebook at the Town Clerk's office. That some members were elected to the Planning Board at town meeting this year, rather than appointed, may reflect growing interest in community affairs. Thanks for your presence and input at our public hearings.

Respectfully submitted

Evan John TPB Secretary

MONADNOCK FAMILY SERVICES

Monadnock Family Services request your support for the continuation of Keene District Office services. Financing from the Monadnock Region towns is used directly to support outpatient services to Monadnock Region residents. This program provides individual, marital, family, group therapy and crisis intervention to people of all ages. During the past year the Keene District Office served 2216 adults, children and elderly people, of these 79 were citizens of Troy.

In order to provide mental health services to residents of your town who have no insurance and/or no resources to pay for them, we are asking for \$1.00 per capita. Based on the 1990 census, our request from Troy is \$2150.00. We hope that your support will continue and that you will incorporate this request into your town's budget.

Additional information about our agency along with some statistics on services to Troy residents is on file in the Selectmen's office and may be seen on request.

Cecile Goff, Director
Outpatient Services

HOME HEALTH CARE AND COMMUNITY SERVICES, INC.

In 1992, Home Health Care and Community Services continued to provide home care and community services to the residents of Troy. The following information represents a projection of Home Health Care and Community Services activities in Troy in 1992.

SERVICE REPORT

<u>SERVICES OFFERED</u>	<u>SERVICES PROVIDED</u>
Nursing	338 visits
Child Health Nursing	8 visits
Physical Therapy	41 visits
Speech Pathology	0 visits
Occupational Therapy	0 visits
Homemaker	818 hours
Home Health Aide	332 visits
Medical Social Work	1 visit
Outreach	17 visits
Nutritionist	0 visits
Office Visits	8 visits
Child Health Program	9 children
Meals on Wheels	1935 meals
Total unduplicated residents served	70

In addition to the above listed activities, regularly scheduled blood pressure clinics, child health clinics, telephone consultations were made available to your residents throughout the year. Town funding, in part, supported these additional services.

Susan Ashworth
Director of Community Relations

SOUTHWEST REGION PLANNING COMMISSION

I am writing to request that Troy continue its membership in the Southwest Region Planning Commission. The annual dues are based on a rate of \$1.00 per capita, according to the latest population figures as established by the NH Office of State Planning. The dues for next year - \$2075.00 - will reflect any slight changes in population.

The Commission relies on its membership dues to find core staff & office facilities. This financial foundation enables the Commission to provide basic planning services to member communities. As a member community, you are entitled to unlimited telephone support and office consultation regarding land use issues. We will also attend up to 6 meetings during the year with the Planning Board (or other boards) to help resolve local concerns. Staff is also available to help prepare or review minor changes or updates to land use regulations.

The Commission offers other services such as the Planning Board Assistance Program, unique in that a community receives the benefit of 96 hours of a professional Planner's time, at an annual cost of \$2400, to help with very specific local needs. The Commission is also available to prepare master plans, water resource management plans, capital improvement programs, special traffic studies, detailed impact studies, extensive zoning ordinance revisions, or other special studies. We also will use our geographic information system (GIS) to digitize tax parcels, zoning districts, land use base maps, wetlands, singularly or in various combinations.

The new Clinton administration in Washington may well bring new funding opportunities for communities. The Commission will help your community acquire a share of state or federal grant monies. We will help member communities with grant applications for housing, public facilities, or economic development.

Troy's membership allows the Commission to discharge its responsibility to the Southwest Region. In addition to maintaining a library of information and resource materials, the Commission works with many local and regional groups around issues that effect us all - transportation, housing, economic development, open space preservation, river protection, recreation, etc.

We look forward to working with you next year and thank you for your support.

Robert Nichols
Executive Director

ROUTE 12 ADVISORY COMMITTEE

Last fall it came to the attention of the Troy Selectmen and Planning Board that the NH Dept. of Transportation (DOT) was conducting boundary surveys of the properties abutting Rte. 12 from the B & M Railroad bridge at the north end of the common, to Troy's town line with Marlborough. Further word came that the DOT had also purchased the bridges in town from B & M Railroad. It was soon discovered that the DOT was in the process of updating its 10 year plan which included a request for millions of dollars to address the traffic problem on Rte 12 in and around Troy. Unfortunately, it was also a plan that few in town were aware of.

With the support of the Selectmen, the Troy Planning Board organized an Emergency Public Hearing to inform the towns people of what appeared to be a widening project of the northern section of Rte 12. Several State Representatives, as well as the Director of the Southwest Regional Planning Commission, were invited to attend the hearing with hopes of enlightening the residence of Troy. Over 100 people were in attendance, including a reporter from the Keene Sentinel. In effect, the hearing achieved what it set out to do: it succeeded in making the residences of Troy aware of a possible widening of Rte 12 (and what many felt the subsequent and inevitable taking of our village common); it brought about some legitimate concerns from the business community (especially if a bypass was constructed as an alternative to widening); it boldly announced to the State, via the media, that Troy had awakened to this disturbing proposal and would not accept it passively. It was suggested that a citizens' advisory committee be formed to study alternatives to the widening of Rte 12. Sign-up sheets were posted in town inviting interested residents to participate.

Meanwhile, town officials and concerned citizens attended public hearings of the Southwest Region Transportation Advisory Committee (SWRTSC) held in Keene. SWRTAC responded by recommending to DOT that they allow for the study of alternatives to the widening project before millions of dollars were spent. The Troy Advisory Committee met for the first time in early January of 1993 and outlined its primary purpose: to act as an information gathering group that would keep the residences of Troy informed of the DOT's 10 year plan. The committee would set out to study alternatives to widening of Rte 12, evaluate public concerns and options, keep abreast of DOT's intentions, and most importantly, keep the public informed.

In an effort to alienate or exclude those in town who might be in favor of a less popular alternative, the committee would hold a neutral position toward the consideration of any and all alternatives, studying the positive and negative impact each might have on the town.

The primary goal of the committee was to assist the Selectmen in getting the DOT to agree to the study of all alternatives, including and especially, the study of a by-pass. This goal could be agreed on

by all concerned because it allowed for the consideration of all possible options before millions of dollars were spent on something the town discovered it did not want. It was also agreed that upon having obtained the goals as outlined above, the committee would be dissolved. However, it would reserve the right to redefine its goals and objectives in order to support a particular traffic alternative it feels the towns people wanted.

The committee conducted a preliminary public opinion survey in late January which was overseen by boyscout volunteer Matt Smith. The committee is working with Matt and his Troop 309 scouts in organizing another survey, as well as traffic counts, in the next couple of weeks.

The committee sent representation with the Selectmen to the State House in Concord on February 2, 1993 to support Rep. Dan Burnham's bill which requested, in part, that the State conduct a study of a by-pass before widening Rte 12. This also proved to be very helpful in making our concerns known while opening direct communication with the Commissioner of Transportation.

The committee is now trying to coordinate and schedule a Public Hearing for the first week in March to inform residents of Troy of any information that may have been accumulated since last fall.

If you have any interest in sitting on this committee or expressing your opinions toward the traffic situation, please attend one of our meetings. Currently we are meeting on the first Monday each month but may alter our schedules to meet needs as they arise.

Peter B. Breen, Jr
Committee Chairman

TROY ARTS FESTIVAL COMMITTEE

Each year Troy hosts the Troy Arts Festival featuring craftspeople, artists and musicians from our town and neighboring communities. This was our sixteenth event. The purpose of the Festival is to build community spirit. It also provides civic organizations an opportunity for fundraising.

This year was a huge success for many of the town organizations. It is hard to judge the size of the crowd, however, the Lion's Club sold all their chickens at the Barbeque on Friday night and the Boy Scouts sold almost all their hamburgers on Saturday. We continue to grow, we had over 60 exhibitors, many from other areas who read about us in the regional craft directories. This year we initiated a setup fee of \$10.00 to out-of-town exhibitors. The sum brought in was approximately half of our operating costs, so it did offset our tax burden for this event. The fee was well received and actually gave the show credibility with some of the finer craftspeople.

The event began on Friday evening with a chicken barbeque under the tent on the Common and Tom and Elizabeth Martin again joined us giving a fine concert of show tunes and a community sing-along. Saturday, we had the Caravan players from UNH who always appeal to both the children and adults, keeping us spellbound with their stories and audience participation. Other children's activities included JJ the Clown and painting. Mark DelGreco of Troy played acoustic guitar and the afternoon was rounded off with the traditional concert by the Westmoreland Town Band.

We wish to thank everyone who participated in making this such a fun event. Our thanks to the committee, volunteers, exhibitors and organizations who participated. It is a pleasure to see the Town pull together and share the day together. We thank you for your continued support and we welcome anyone interested in helping plan for next year.

Sincerely,

Christina McCulley
Chairperson

TROY SENIOR CITIZENS

The Troy Senior Citizens were very busy this year and look forward to the same for 1993. Since organizing some fifteen years ago, the membership has grown to include 75 ladies and gents who meet monthly on the forth Wednesday at Kimball Hall on Water Street in Troy.

This year the By-Laws for the organization were reviewed and revised. The group extends a cordial invitation to area residents who are 50 or older to join us and share with friends and neighbors their past experiences and expertise as well as fun and fellowship.

When we meet we plan future activities which will benefit both members and the community, and also enjoy presenting programs or speakers of interest to all. Of course always ending our meetings with plenty of delectable refreshments for all to enjoy.

This year the Seniors held a raffle on a homemade quilt. Each member made a square choosing their own design and when the squares were all assembled the result was a georgous collection of orignal ideas reflecting the Monadnock Region. The winner of the quilt, being from another state had relatives from the area, so needless to say is happy with her treasure.

Some yearly events include the Senior Bazaar which is the main fund raiser to benefit both members to be able to take future trips, and the community to which we make annual donations.

The Bazaar is held on the Troy Common in June and attracts people from area towns as well as persons passing through. Other summer events include the picinic and bar-b-aque, proviiding the opportunity to enjoy being outdoors for some fun in the sun. Trips and our annual Christmas Party at East Hill Farm are other events everyone enjoys. This year some of our members enjoyed a day trip to Concord to visit the State Capitol and found it to be very interesting how our State Government functions. The same day a visit to the McCauliff Planetarium was also a lot of fun.

Each year we remember the shut-ins at Thanksgiving with fruit baskets and cards to nursing homes.

Donations are made each year to TEASI on behalf of deceased members and to the food pantry, "Helping Hand Center."

The Troy Seniors are proud to contribute to their community and appreciate all the support received from both townspeople and town officials.

We thank all who support the efforts of the Senior Citizen Organization.

Harriet LaBrake, President

MONADNOCK ADVISORY COMMISSION

The Mt. Monadnock Advisory Commission is composed of two members each from the town that border on Mt. Monadnock, viz. Jaffrey, Dublin, Troy, Fitzwilliam and Marlborough. Town members, they are appointed by the selectpersons of their respective towns, are joined on the Commission by ex officio members from the New Hampshire Parks Department, the Society for the Preservation of New Hampshire Forests and Steve Avery a former state representative.

The Commission's goals are to:

1. Protect the Natural and cultural resources of Mt. Monadnock, Gap Mountain and Little Monadnock.
2. To prepare for future use of these natural resources.
3. To foster a greater public awareness and understanding of conservation, cultural, and environmental values, through interpretive and educational programs.
4. To demonstrate sound stewardship policies and practices that are consistent with the natural mountain environments.
5. To ensure adequate funding and staffing for timely and routine maintenance of trails and buildings, and effective implementation of the state's natural resource stewardship responsibilities.

As the linch pin of the plan the Commission suggested the creation of a protected zone, "The Mountain District". It is intended that the Mountain District should, "preserve the rural scenic beauty of the roads immediately surrounding and leading to Mount Monadnock, by limiting the kinds of commercial development that would not be consistent with the goal of protecting the national landmark status of the mountain."¹ At present the towns of Jaffrey, Dublin and Marlborough have established local Mountain Zones.

¹Troy Planning Board 1993 proposed Zoning Ordinance.

Ira Gavrin
Troy Representative

TROY RECREATION COMMITTEE

The Recreation Committee oversees the activities and programs for the War Memorial at Sand Dam and other recreation programs. The current scope of this committee is to oversee the summer program and to include other seasonal programs such as skiing. However, we do need more involvement on the part of parents to ensure the success of all our programs.

Originally, the War Memorial was set up as a living memorial to ensure that all Troy youths would have the opportunity to learn to swim. Since then, the concept has been expanded to become an eight-week summer program. It is available to all Troy youths from 6 to 16. The program is run by qualified personnel hired by the town.

This year we initiated a \$10.00 registration fee to help offset the town's tax burden. We had 120 children sign up and approximately 75-90 participated on a daily basis. We hired three full-time lifeguards this year, to ensure safety at the waterfront. We also had a director, a full counselor and a junior counselor. We felt that the increase in staff did help the performance and safety of the overall program. The kids were able to participate in various team sports and individual projects such as arts and crafts. There were two field trips: Whalom Park and the New England Aquarium.

Due to budget and manpower issues, the committee had to pull back on some activities. We discontinued the Movies on the Common. The ski program was hurt by the lack of snow. We do continue to work with other groups to help to coordinate independent programs such as Youth Baseball, and Soccer.

We thank the town for its support of this program and appreciate the contributions of individuals. We do appeal to parents to come to our meetings so we can continue to offer quality programs to the children of Troy.

Suzy Pesa)
Don Herbert) Co-Chairmen

TROY EMERGENCY AMBULANCE SERVICE INC.
P.O. Box 675
Troy, New Hampshire 03465

Dear Friends of T.E.A.S.I.,

I can hardly believe that a year has gone by since we last communicated! Your donation from the past year did not go without notice, especially during these financially hard times. We are deeply grateful for your support and extend the appreciation of the entire organization.

Last year we were able to provide you with a life saving DE-FIB machine and the certified Emergency Medical Technicians to operate it. Along with this training they also completed a four (4) week dysrthmia course. Members continue studies to meet the challenge of providing you with the best medical care possible with no charge to the user or the taxpayers of both communities. As you know, we are a non-profit organization operated by volunteer women and men dedicated to serve and share their medical knowledge with communities in the hopes they may help others.

Of all the challenges facing our service, the most pressing, the one that is the root of all the others, is the efficient quality medical care delivered to you. We are pleased with our progress this year in bringing you the best medical care possible. The most significant change was the certification of our Emergency Medical Technicians in Introvenous Therapy! You now have a volunteer ambulance service with "Life Support Systems" in place! This, is good news for both communities!!

This year we are faced with the task of raising funds for a new ambulance. It's hard to believe that our present one is almost ten (10) years old. Since the cost of a new vehicle will exceed \$50,000 we will began special fund raising events for this purpose.

We take this opportunity to extend a heartfelt thank you and appreciation to you all who give untiring of your time, talents, thoughts and money. Your dedication and attention to our service help create the special relationship we have with our communities. Our success is due, inpart, to the active participation genuine interest and unfailing support of our contributors from the people in our communities.

PLEASE, DO NOT HESITATE TO CALL 352-1100 if you need medical assistance. REMEMBER, it is always better to cancel a call then to find yourself in a dangerous situation without assistance close at hand.

Sincerely,

Raymond Woods, President
T.E.A.S.I.

TROY P T O

This year the Troy School Parent-Teacher Organization focused on making sure that all town citizens were invited to attend and participate in our holiday festivities. After Halloween Trick-or-Treating and costume judging, a town fire truck led our ghosts and goblins around the common and back down School Street for refreshments. The return of the Christmas "Bridge of Joy" on the common was spectacular sight for all. With the help of many volunteers we were able to purchase lights for the Christmas tree and encircle the entire common with candle lanterns. The Boy Scouts, Brownies, Girl Scouts and Santa all did a fabulous job in making this a very special evening. In April we will be hosting a Mr. Magic show, and again we will extend an invitation to all residents.

We had a very successful Cherrydale fund-raiser again this year. Field trips, scholastic materials and a drug prevention program were just a few of the numerous ways the Cherrydale money is used to help the students and teachers.

Thank you for your valuable donations of time, money, and voluntary services to our school.

1993 ANNUAL GIRL SCOUT REPORT

In Carrying on the traditions that began with Juliette Gordon Low on March 12, 1912, the town of Troy currently has three Girl Scout troops. All girls, age 5 through 17 years old, or in Kindergarten through twelfth grade can be Girl Scout members.

Each troop in Troy focuses on a different age level of girls, however, the entire Girl Scout program for all ages focuses on the five (5) worlds of interest: the World of Well Being, the World of People, the World of Today and Tomorrow, the World of Arts, and the World of the Out of Doors. Badges are earned by completing activities from these worlds.

Projects that benefit the community are also stressed for each age group. Each year the Troy Girl Scouts decorate the Christmas tree at the Post Office, visit the elderly, help with the Odd Fellows breakfast and participate in other town activities. Each year, part of the troop's annual Cookie Sale money is put back into the community to help the needy, contribute to the world recycling effort and benefit other youths.

This is the first year Troy has had a Daisy Troop. Troy's Daisy Troop 971 has 6 members. These are the youngest Girl Scout members, age 5 and 6, and they all attend Kindergarten. Learning basic social skills, developing self esteem, and dabbling with arts and crafts are the most common activities with this age group.

Brownie Troop 105 is in its 5th year. With 25 girls from first, second and third grade, it is the largest troop in Troy. In Brownie Girl Scouts, the girls begin to take a more active role in planning the activities that will allow them to explore the world around them. Try-It badges are earned by experimenting with simple activities that teach about a subject within the worlds of interest. The outdoor activities that include hiking and camping are the favorite with the Brownies.

Junior Troop 288, also in its 5th year, consists of 8 girls in fourth, fifth and sixth grades. Activities for this age group are almost exclusively planned and carried out by the girls. Badges earned by this age group are more detailed to provide the girls with a broader base of knowledge about a particular subject. Hiking and camping are still very popular with the girls, in addition to other traveling experiences.

In addition to these troops, other levels of Girl Scouting are also active in nearby towns. Cadette Girl Scouts are for sixth, seventh, eighth and ninth grade girls. Senior Girl Scouts are for ninth through twelfth grades.

Troy presently has twelve (12) registered adult Girl Scout members who help with the troops. The weekly meetings are held in Kimball Hall and are sponsored by The Odd Fellows, The Lions Club, The Troy Youth Organization, The Troy Municipality, and all the businesses within Troy.

On behalf of the Troy Girl Scouts, we would like to thank everyone for their continued support.

Lisa Miller-Leader

CUB SCOUT PACK 309

Pack 309 has a membership of 16 boys and 8 adults. Some of the things they will be doing within the district are:

March 27, 1993	Cub Scout Kite Day
April 29, 1993	Chuck Wagon
May 15, 1993	Pinewood Derby

The boys have other plans for next year which include Winter Fun Day, where the boys can slide, Ice skate, ice fish with other troops and packs. Also Klindike for the Webelos in February 1994.

ON June 18, 1994 Pack 309 will host the Cub Scout Soap Box Derby for the district. The boys are looking forward to that day.

We are a Quality Unit this year. If your son would like to join in the fun, please encourage him to join us.

Please call 242-3744 for more information.

Joseph Serpico
Cub Master

HELPING HAND CENTER REPORT 1992

Since it first opened its doors on February 1, 1991, Helping Hand has helped over 200 families at one time or another and some numerous times. Thanksgiving and Christmas holidays were very rewarding as donations coming forth allowed us to distribute 35-40 boxes of food each time.

We have been able to help many people this past year both with food and clothing due to the generosity of our neighbors. Without those of you who donated clothing, foods, household items and most of all, monies, we would not have been able to stay in business. We need the continued interest and concern in order to continue for years to come.

During the current year we were able to make the down payment on the building and pay off other acquired bills as part of the purchase agreement. The center also has a new look with carpeting. People who come feel more comfortable and coment on the neatness of the clothes on display.

This year too we acquired a used van which we still owe monies on for the purpose of transporting food and other items.

By-laws are now in place and an advisory board is being organized.

We look forward to continue to serve this and nearby communities but rely on the help of everyone possible. We would like to thank all of you who helped in any way this past year. A special 'thanks' to our wonderful volunteers, without whom we would not be successful. To those of you who donated clothing and food - including the school children- ...thank you! To those who help with the monetary end of it... thank you!

Hours at Helping Hand are Nom - Friday 9:30 - 2 P.M. and Saturday 9-12. We invite you to come and check us out. We think you will be pleasantly surprised at how we operate.

Respectfully submitted,

Sister Lucie Ducas
Director

MINUTES OF TOWN MEETING MARCH 11, 1992 - TROY, NH

The polls were opened at 10:00 AM on Tuesday March 10, 1992 by Moderator Thomas Britton at the TEASI Building. The polls remained opened until 7:00 pm.

The meeting to take up the Warrant was opened by Moderator Thomas Britton at the Troy School Auditorium at 7:30 pm on March 11, 1992. The salute to the flag was led by the Troy Boy Scout Troop 309, and the Pledge of Allegiance was led by Jeremy Shankle.

ARTICLE 1. To bring in your vote for one Selectmen for three years, one Selectmen for one year and all other Town Officers elected by ballot as passed by Town Meeting or State Statute for the specified number of years:

Selectmen for three years	Dennis M. Poirier
Selectmen for one year	Thomas A. Walsh
Moderator for two years	Thomas E. Britton
Treasurer for three years	Ralph E. Heald, Sr.
Supervisor of Checklist for six years	Margaret Rouleau
Overseer of Poor for one year	Cynthia N. Satas
Cemetery Committee for three years	Judith M. Maki
Trustee of Public Library for three years	Patricia F. Condon
Trustee of Trust Funds for three years	Chester E. Priest
Water Commissioner for five years	Robert M. Grover
Water Commissioner for three years	Peter A. Marrotte
First Deputy Fire Chief for three years	Charles F. Rocheleau
Budget Committee for three years	Robert W. Harkins
Budget Committee for two years	Richard Daniels
Budget Committee for one year	R. Mark Dill
Board of Adjustment for one year	Wendall F. Hawkins
Planning Board for three years	Ralph F. Lang
Planning Board for three years	Carl H. Patten
Planning Board for two years	Gordon B. Herbert, Jr.
Planning Board for two years	Peter B. Breen, Jr.
Planning Board for one year	Warian T. Hawkins
Planning Board for one year	Gideon L. Nadeau

ARTICLE 2: Are you in favor of the adoption of the following corrections to Article XVI definitions. Typed incorrectly on the Town Warrant on March 12th, 1991 Ballot.

Definition: Group home, adding: and in need of supervision and specialized services. This category shall not include facilities for persons 19 or more of age, (above will be inserted between: phsically or mentally handicapped of any age: or 62 more years of age-----released from or under the jurisdiction of a government bureau of corrections).

Non-Conforming Lot - A lot which was lawful in terms of area, dimension or location at the time of the adoption, revision or amendment of the zoning ordinance, but does not conform to the present lot requirement of the district in which it is located. (This definition left off the ballot in its entirety).

ARTICLE IV: - Section A.2 to add: Facilities for the Elderly; Day Care Centers; (This will be inserted between: Hotels, Bed and Breakfast, Nursing Homes and Health Care ----- and other accomodations for overnight guests). Passed Yes 206 No 80

Janet explained how the town was able to go from a deficit of \$43,000. in 1990 to balance of \$26,000. at the end of 1991. This was done through several steps and belt tightening. See attached sheet.

ARTICLE 3. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray the following Town expenditures.

	Budget Committee	Recommended by Selectmen
a. Town Officers Salaries	45,690.00	45,690.00
b. Town Officers Expenses	34,891.00	34,891.00
c. Elections & Registrations	2,663.00	2,663.00
d. Auditing	4,850.00	4,850.00
e. Legal	20,000.00	20,000.00
f. Planning Board	4,791.00	4,791.00
g. Board of Adjustment	610.00	610.00
h. Town Hall	21,628.00	21,628.00
i. Emergency Management	1,500.00	1,700.00
j. Street Lights	16,500.00	16,500.00
k. Town Common	1,500.00	1,500.00
l. Memorial Day	750.00	750.00
m. Conservation Commission	700.00	700.00
n. Industrial Development	-0-	300.00
o. Interest Tax Anticipation Notes	14,000.00	14,000.00

Robert Hall asked for clarification as to why the Industrial Development Committee was not allotted any monies from the Budget Committee.

Bruce McCulley stated that the Budget Committee had spent a lot of time looking over each figure and trying to decide where it would be possible to cut without hurting town services. The ID has not been active over several years and the committee felt that there was nothing that justified an appropriation. There are unexpended funds still outstanding and the budget committee felt since these funds were available if there was a need to use these funds.

Dennis Poirier stated that the Industrial Development Committee has been active this year and the Selectmen have been in communication with them regarding one certain piece of land that we thought might have a client for, but so far it has not worked out. He just wanted people to know that the Industrial Development Committee has been active.

Janet noted that on the Liability listing in the town report the \$11,000. for the Industrial Development is listed. The Auditors wanted it to go back into the general fund and be used as needed and she stated that it would stay where it was in case a time came when the committee would need it.

Paul Theroux stated that some time ago a study had been made to remove some of the street lights. There are low sodium lights that would be much cheaper to run and therefore lower our bill.

Passed the Budget Committee figures, as written.

ARTICLE 4: To see if the Town will vote to raise and appropriate such sums of money as may be necessary to support public services.

	Recommended by	
	Budget Committee	Selectmen
a. Ambulance Insurance	1,998.00	1,998.00
b. Arts Festival	1,300.00	1,200.00
c. Forest Fire Suppression	1,333.00	1,333.00
d. Gay-Kimball Library	24,125.00	24,125.00
e. Health Related Programs	10,000.00	10,000.00
f. Meadowood County Area FD	1,000.00	1,000.00
g. Senior Citizens	1,500.00	1,500.00
h. Southwest Region Plan Comm.	2,097.00	2,097.00
i. War Memorial Program	16,000.00	16,000.00

Raymond Woods, President of TEASI stated that the ambulance was and had always been a tax free service, and he asked why the town was giving TEASI monies this year. We did not ask for any monies and we do not want any and would like to have this item stricken from this.

Janet explained that this year we do not have a line item for insurance and the ambulance is covered under the towns fleet policy and in order to pay the insurance bill we needed this figure. The State is requiring insurance be charged to each department so we can see what it costs to run each department.

After much more discussion as to the why of a., the decision was made to list it as Ambulance Insurance. Passed Budget Figures as written.

ARTICLE 5. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to support Town Departments.

	Recommended by	
	Budget Committee	Selectmen
a. Animal Control	1,400.00	1,518.00
b. Fire Department	34,070.00	34,070.00
c. Highway Department	94,170.00	94,177.00
d. Landfill Department	43,515.00	44,070.00
e. Police Department	91,398.00	92,098.00
f. Special Police	5,000.00	6,500.00
g. Welfare Administration	25,547.00	16,000.00
Passed as written on Budget Committee Figures.		

ARTICLE 6. To see if the Town will vote to raise and appropriate such sums of money as may be necessary for the care of the cemeteries. Budget Committee and Selectmen recommend \$14,755.00. \$13,755.00 to come from Cemetery Trust Funds. Passed as written.

ARTICLE 7. To see if the Town will authorize the Selectmen to expend the Highway Block Grant of \$30,423.00 that the Town will receive from the State of New Hampshire for the calendar year 1992 for maintenance, construction, and reconstruction of Class IV and V highways. Recommended by Budget Committee and the Selectmen. Passed as written.

ARTICLE 8. To see if the Town will vote to raise \$196,800.00 for the Water/Sewer Department. Recommended by Budget Committee and the Selectmen. Passed as written.

ARTICLE 9. To see if the Town will vote a sum of money \$162,608.99 for the payment of Sewer Bonds. Income from the State of New Hampshire will be \$113,911.49. Passed as written.

ARTICLE 10. To see if the Town will vote to raise and appropriate the amount of money listed below to be placed into the Capital Reserve Fund of each department for the purpose of purchasing vehicles or additional equipment when voted by the Town.

a. Police Department	\$4,000.00
b. Fire Department	5,000.00
c. Highway Department	5,000.00

Chuck Rocheleau stated that because of the price of vehicles he would like to amend the Police Department figure to \$5000.00 so that at the end of three years there would be \$15,000. toward a new vehicle instead of \$12,000. After discussion pro & con, Amendment was defeated. Passed as written.

ARTICLE 11. To see if the Town will vote to raise and appropriate the amount of money listed below to be placed into the Capital Reserve Fund of each department for the purpose of building new buildings or repairs on existing Town buildings.

- | | |
|--------------------------------|------------|
| a. Town Hall & Other Buildings | \$5,000.00 |
| b. New Highway Garage | 4,000.00 |

Passed as written.

ARTICLE 12. To see if the Town will vote to raise and appropriate a sum of money for the repairs of the Fire Station Roof. Selectmen request \$20,000.00 for a truss roof. Budget Committee recommends \$12,000.00 for a rubber roof.

Moderator Britton entertained a motion on either request and we'd discuss the merits of that motion.

Peter Marrotte made the motion to accept the Selectmens figure of \$20,000.00 Passed.

Discussion on both truss roof and rubber roof ensued from both the public and contractors as to why one or the other was best. In the end, by standing vote article passed for a truss roof.

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of \$3,547.50 to fix rust and paint areas required on 34M4 and 34T1. Recommended by Selectmen and Budget Committee.

Gideon Nadeau asked the Fire Chief if we had a solid bid for this amount. Clif stated that Keene Auto Body had not gotten back to him with a figure, however J & J Auto Body had turned in the figure of \$3,547.50. Passed as written.

ARTICLE 14. To see if the Town will vote to raise and appropriate the sum of \$3,654.75 to update (6) Scott air Paks. (Breathing Units) Recommended by Selectmen and Budget Committee.

Chuck Rocheleau stated that at the time of Fire School Training, the Fire Dept. took (5) of their Scott Air Paks with them and (4) were removed from service because they were defective.

Clif Cole said these paks were a life saver in certain circumstances and will be updated to National Fire Protection Assn. standards.

After repairs are made, there would be a five year guarantee. When going into a burning building, the men want to know they have equipment that is safe to use. Passed as written.

ARTICLE 15. To see if the Town will vote to authorize the Selectmen and Board of Engineers to withdraw up to \$45,000.00 from the Fire Department Capital Reserve Fund for the purpose of a used Fire Truck and some equipment to replace the 1973 Pumper Truck (34M5) and the 1956 Dodge Power Wagon (34M1). The proceeds of the sale of the 1973 Pumper and the 1956 Dodge Power Wagon to go into the Fire Department Capital Reserve Fund. Recommended by Selectmen and Budget Committee. Passed as written.

ARTICLE 16. To see if the Town will vote to authorize the Selectmen to withdraw up to \$16,000.00 from the Police Department Capital Reserve Fund to purchase a new cruiser, also to allow the proceeds from the sale of the 1986 Ford Cruiser to be placed back into the Police Department Capital Reserve Fund. Recommended by Selectmen and Budget Committee.

Chief Rocheleau stated that the new vehicle would cost \$14,749.00, a new radio would be \$1650.00 and Lights, radio deck, siren, and light control would be an additional \$1000.00. Plans are to sell the 1986 Ford and use the 1989 Chevy as a backup. We can not remove lights from the present cruiser because the new vehicle is a narrow roof and would not fit. The equipment in the blue cruiser needs to stay so we have it when needed. We want to equip the new car with new updated equipment. Passed as written.

ARTICLE 17. To see if the Town will vote to raise and appropriate the sum of \$24,000.00 for the purchase of a new plow truck for the Highway Department and authorize the Selectmen to withdraw \$14,000. from the Capital Reserve Fund and the remaining \$10,000.00 to be raised by taxation. This truck will replace the 1984 Dodge which will be sold and the proceeds of the sale will go back into the Highway Capital Reserve Fund. Recommended by Selectmen and Budget Committee. Passed as written.

ARTICLE 18. To see if the Town will vote to raise and appropriate the sum of \$17,000.00 for a Salt Shed to be built on the Highway Department Dort Street property. Recommended by Selectmen and Budget Committee. Passed as written.

ARTICLE 19. To see if the Town will vote to raise and appropriate \$3,000.00 for applying for a grant for money needed to repair the front pillars, roof, foundation, granite steps and the slate roof on the Town Hall. Recommended by Selectmen and Budget Committee. Selectperson McCullough stated that the pillars are moving with the granite underneath. The granite is moving away from the building. The stoop over the pillars has moved away from the building 8-10". We will have to put a foundation on the front of the town hall. Granite steps will be removed and replaced after foundation has been put into place. This is something that no ordinary contractor will be able to do. We have been informed that the chimney is falling apart and will have to be replaced. The \$3000. is for time, paper work etc., to look for a grant. If we find one, we will bring this back to the people next year for a further vote. Passed as written.

ARTICLE 20. To see if the Town will vote to authorize the Treasurer to take the 1991 Landfill collections held in a savings account by the Treasurer and deposit same into the Capital Reserve Account established under Article 15, of the March 14, 1990 Town Meeting. Recommended by Selectmen and Budget Committee. Passed as written.

ARTICLE 21. Shall the Town adopt the provisions of RSA 31:95-c to restrict the use of revenues from landfill user fees and recycling revenues to expenditures for the purpose of landfill capital projects, emergency repairs, and closing the landfill? Such revenues and expenditures shall be accounted for in a special revenue fund to be known as the Landfill Capital Fund, separate from the General Fund. Any surplus in said fund shall not be deemed part of the General Fund accumulated surplus and shall be expended only after a vote by Town Meeting to appropriate a specific amount from said fund for a specific purpose related to the purpose of the fund or source of the revenue. RSA 31:95-d 1(c) specifically requires the wording used in this article. Adoption of this article shall supersede the authorization regarding handling of funds specified in Article 15, approved by Town Meeting on March 14, 1990, and shall authorize the incorporation of funds appropriated in Article 14 (d) voted by Town Meeting on March 13, 1991 into the Landfill Capital Fund created by adoption of this article. Ballot Vote required by RSA 31:95-d 1 (a). Passed Yes 82 No 4

ARTICLE 22. To see if the Town will vote to revise and amend Article 17 passed by Town Meeting on March 15, 1989 by replacing the sentence reading "The Trust Funds to be administrated by the Selectmen of the Town of Troy" with new text to read, "This Trust Fund is established under the provisions of RSA 31:22 and RSA 31:25. Withdrawal of principal and income deposited in the Trust Fund for expenditures for the purposes specified shall be according to the provisions of RSA 31:32 and authorized only by vote of Town Meeting". The purpose of this amendment is to clarify and remove ambiguity that might conflict with applicable RSA provisions. The purpose of the Trust Fund and the balance on deposit are unaffected by this article. Passed as written.

ARTICLE 23. To see if the Town will vote to raise and appropriate such sums as necessary to allow full-time permanent employees membership in the New Hampshire Retirement System. (By Petition). Wayne Kennison made a motion to remove the word permanent and after the word system add "commencing January 1, 1993." Article now reads: To see if the Town will vote to raise and appropriate such sums as necessary to allow full-time employees membership in the New Hampshire Retirement System, commencing January 1, 1993. Passed as ammended.

ARTICLE 24. To see if the Town will vote to authorize the Trustees of the Library to apply for, accept and expend without further action by the Town Meeting, money from the State, Federal or other governmental unit or a private source which becomes available during the fiscal year. Passed as written.

ARTICLE 25. To see if the Town will vote to combine the Secretarial and Administrative Assistant positions to be one full-time position. Working hours to be set by the Selectmen. Rescinding Article 21 of the March 15th, 1989 Town Meeting. Recommended by Selectmen and Budget Committee.

Dean Shankle requested that we amend to remove the sentence "rescinding Article 21 of the March 15th, 1989 Town Meeting." Amendment passes. Article 25 passed as amended.

ARTICLE 26. To see if the Town will vote to change the optional Elderly Exemption (RSA 72:43h) adopted at the March 14, 1990 Town Meeting, based on the following:

For a Person 65-74	\$12,000.00
For a Person 75-79	25,000.00
80 or more years	50,000.00
and assets not in excess of	37,000.00

Article not presented at this meeting, as there were flaws in the handling of this in that there were no public hearings.

ARTICLE 27. To see if the Town will vote to make the Dort Street extension to the Water/Sewer Plant a Town Road. Recommended by Selectmen just for clarification purposes.

James Dicey requested an amendment to state that the Dort Street extension of 5 tenths of a mile and adding 1 tenth mile on Cross Street. (commonly known as School Street extension) to the Pump Station. Amendment passed. Much discussion ensued about who owns the land that makes up the road. Motion was made to table this Article pending further review of deeds, etc. Article tabled for further clarification.

ARTICLE 28. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend money from the State, Federal or other government unit or a private source which becomes available during the year in accordance with the procedures set forth in RSA 31:95-b. Passed as written.

ARTICLE 29. To see if the Town will vote to authorize the Selectmen to borrow money to pay charges and the interest thereon. Passed as written.

ARTICLE 30. To see if the Town will vote to authorize the Selectmen to transfer tax lien and convey property acquired by the Town by Tax Collectors deed by public auction (or advertised sealed bid) or in such manner as determined by the Selectmen as justice may require. Passed as written.

ARTICLE 31. To see if the Town will vote to authorize the Selectmen to enter into agreement with the Southwest Regional Planning Commission and other State agencies, when money becomes available for feasibility studies, grants and agreements in the best interest of the Town. This is to be done by the Selectmen, with the approval of the Town Budget Committee, after consultation with the Conservation Commission, Planning Board and Industrial Development Committee. Passed as written.

ARTICLE 32. To hear reports of committees, agents or officers heretofore chosen and take any action relative.

Wayne Kennison, Chairman of Budget Committee wanted to thank the the committee for their effort, and extend his thanks to the town officers, especially the Selectmen, for a splendid job well done.

Meeting adjourned at 10:15 PM

Raelene Cummings
Town Clerk
